McBrine Creations

Large progress graph - AEO readiness working reference

A starting point. A direction to grow.

This graph mirrors the larger Jason-style view, but for McBrine Creations.
It shows the reconstructed start, the first formal baseline, and the current provisional checkpoint.

Current working score

The next checkpoints

Day 0	Day 30	Day 60	Day 90
Creative start Reconstructed	Oct 8 Formal baseline	Oct 13 Provisional check	Future Assessment pending

Creative portfolio start uses a reconstructed range midpoint based on the early Instagram, YouTube, and art portfolio phase.
October 8 is the first formal McBrine Creations baseline. October 13 is a provisional current checkpoint, not a platform-issued score.
